# FACETS BETWEEN US

marker sheets

---

PRINT AT 100%.  no fit to page, no scaling.

MATTE paper.  gloss kills the marker under a spotlight.

DO NOT CUT the white margin around the black square.

CHECK the 100 mm ruler on every page with a real ruler.

---

| page | what | black square |
|---|---|---|
| 2-5 | FLOOR 1-4  barcode 0, 7, 44, 63 | 100 mm |
| 6-11 | CUBE 1  edge 130 mm | 86.7 mm |
| 12-17 | CUBE 2  edge 135 mm | 90.0 mm |
| 18-23 | CUBE 3  edge 160 mm | 106.7 mm |
| 24 | CEILING  barcode 26  (optional) | 133 mm |

---

FLOOR  put the 4 sheets 420 mm from the pedestal axis,

all four facing the SAME way (tops toward marker 44).

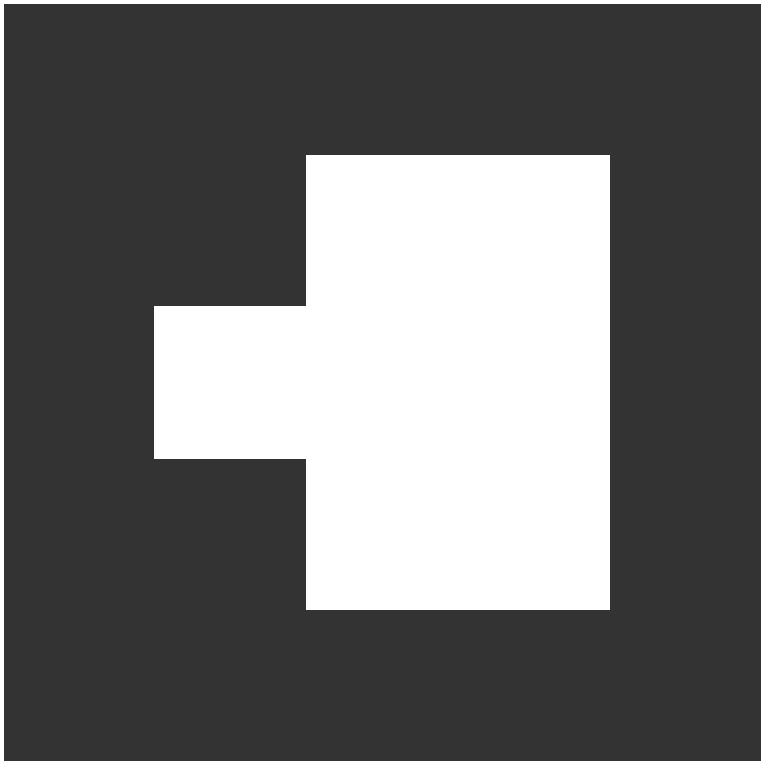
CUBE  4 sides + 1 bottom + 1 top.  the top has no marker,

only the 2 holes for the fishing line.

fold the tabs IN so only markers show outside.

CEILING  optional. the cube bottoms already cover that view.

FLOOR 1  barcode 0  black square 100 mm



this line must measure 100 mm  (print at 100%, no scaling)

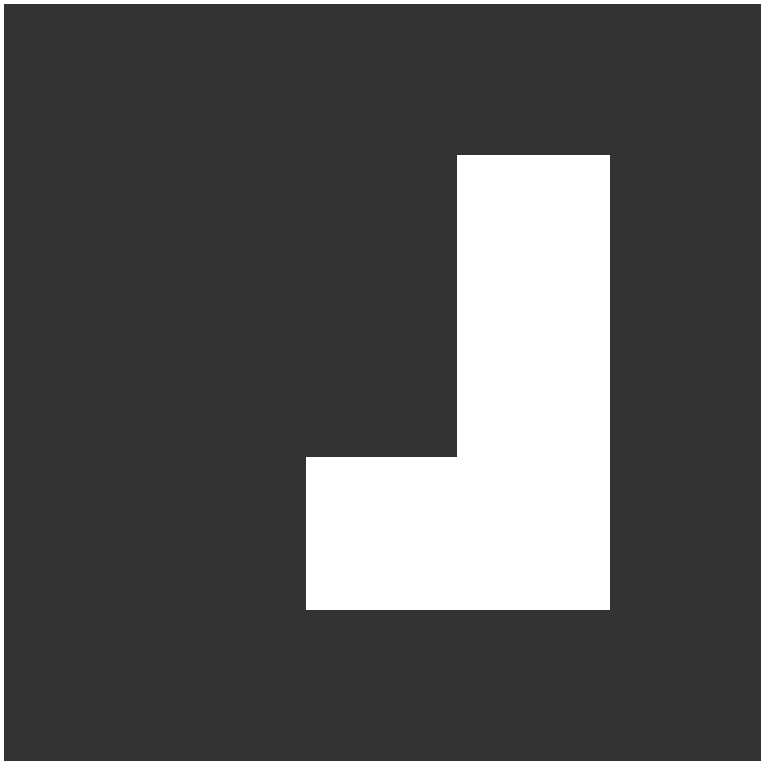
matte paper, do not cut the white margin

FLOOR 2  barcode 7  black square 100 mm

this line must measure 100 mm  (print at 100%, no scaling)

matte paper, do not cut the white margin

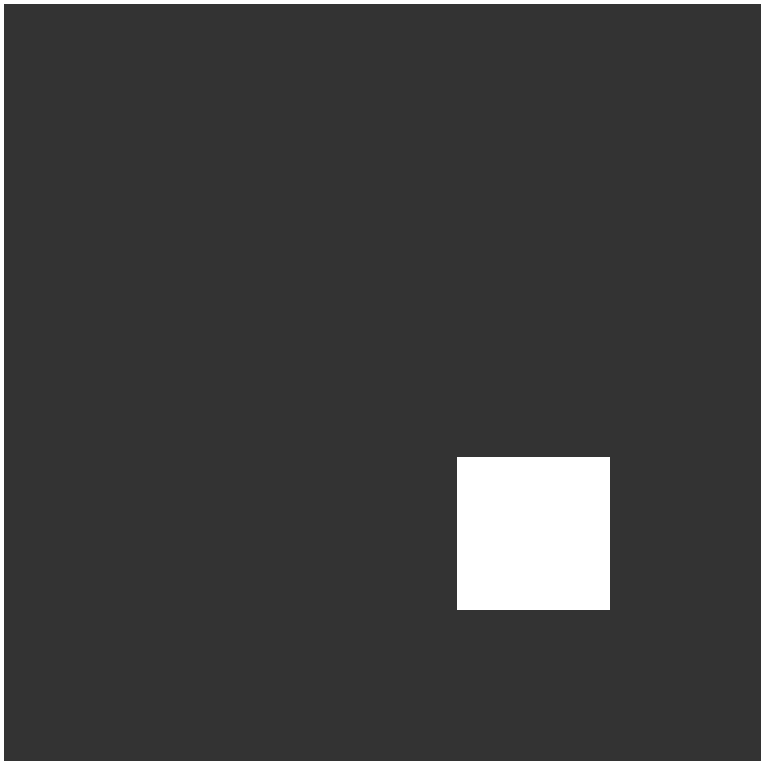
FLOOR 3  barcode 44  black square 100 mm



this line must measure 100 mm  (print at 100%, no scaling)

matte paper, do not cut the white margin

FLOOR 4  barcode 63  black square 100 mm

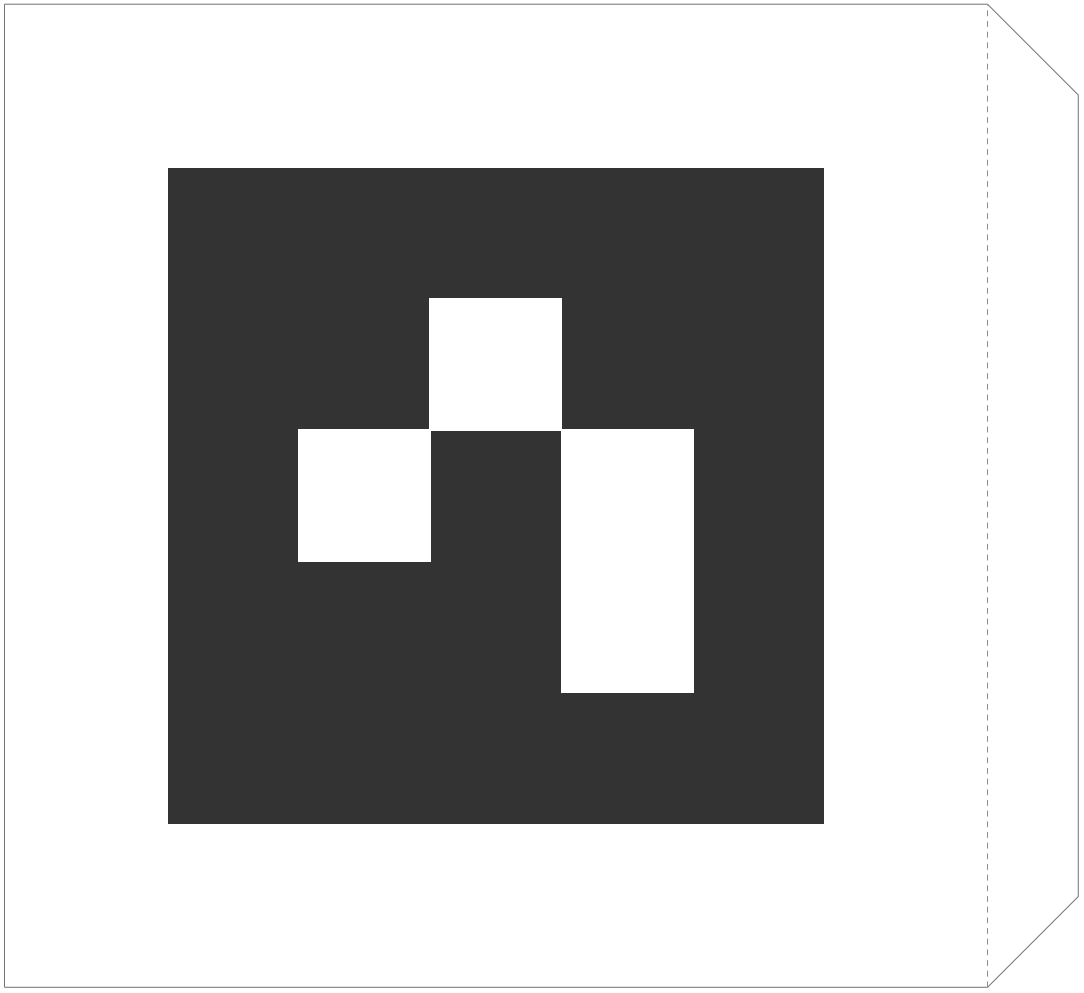


this line must measure 100 mm  (print at 100%, no scaling)

matte paper, do not cut the white margin

CUBE 1  face +Z  barcode 21

this face must look toward FLOOR marker 0



fold the right tab IN, glue it to face +X

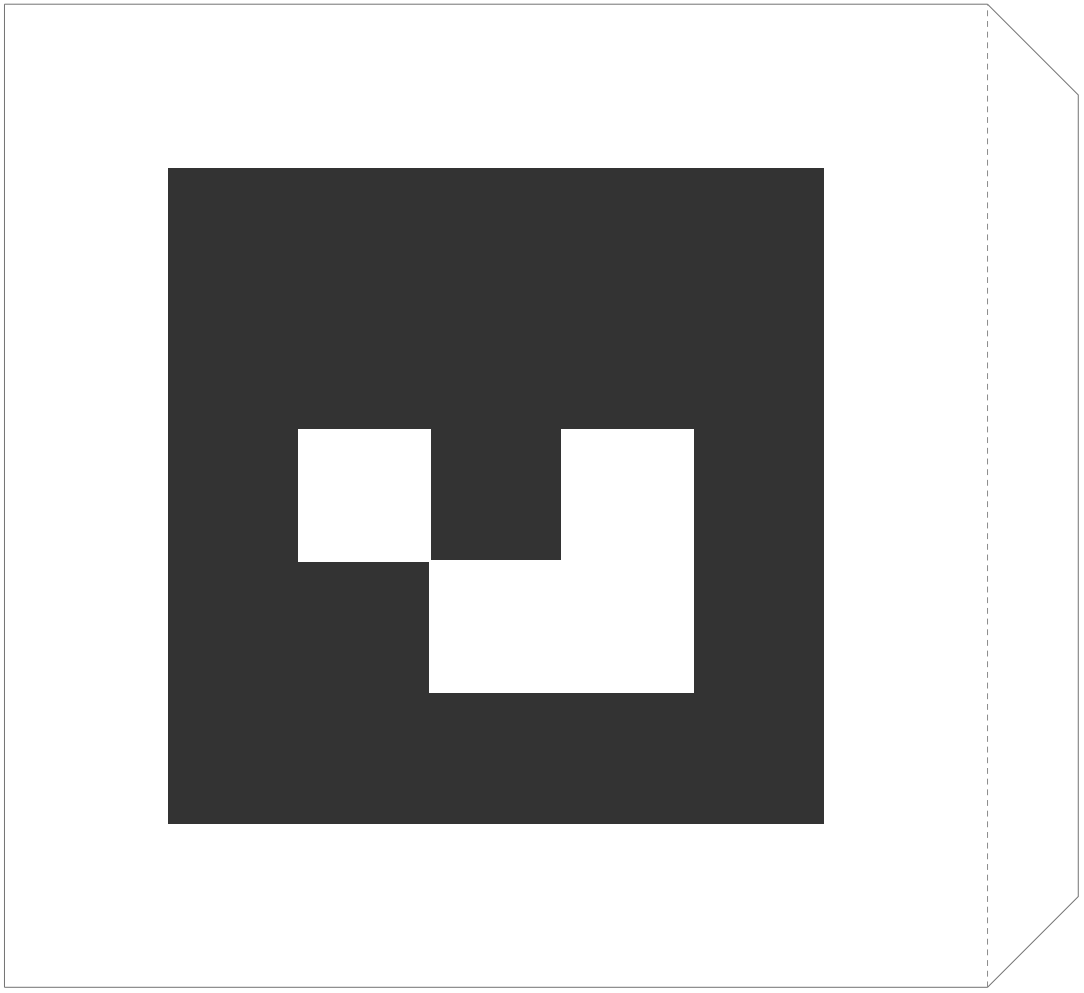
cube edge 130 mm  black square 86.7 mm

this line must measure 100 mm  (print at 100%, no scaling)

cut the solid line, crease the dashed line. 100% scale, no fit to page.

CUBE 1  face +X  barcode 52

this face must look toward FLOOR marker 63



fold the right tab IN, glue it to face -Z

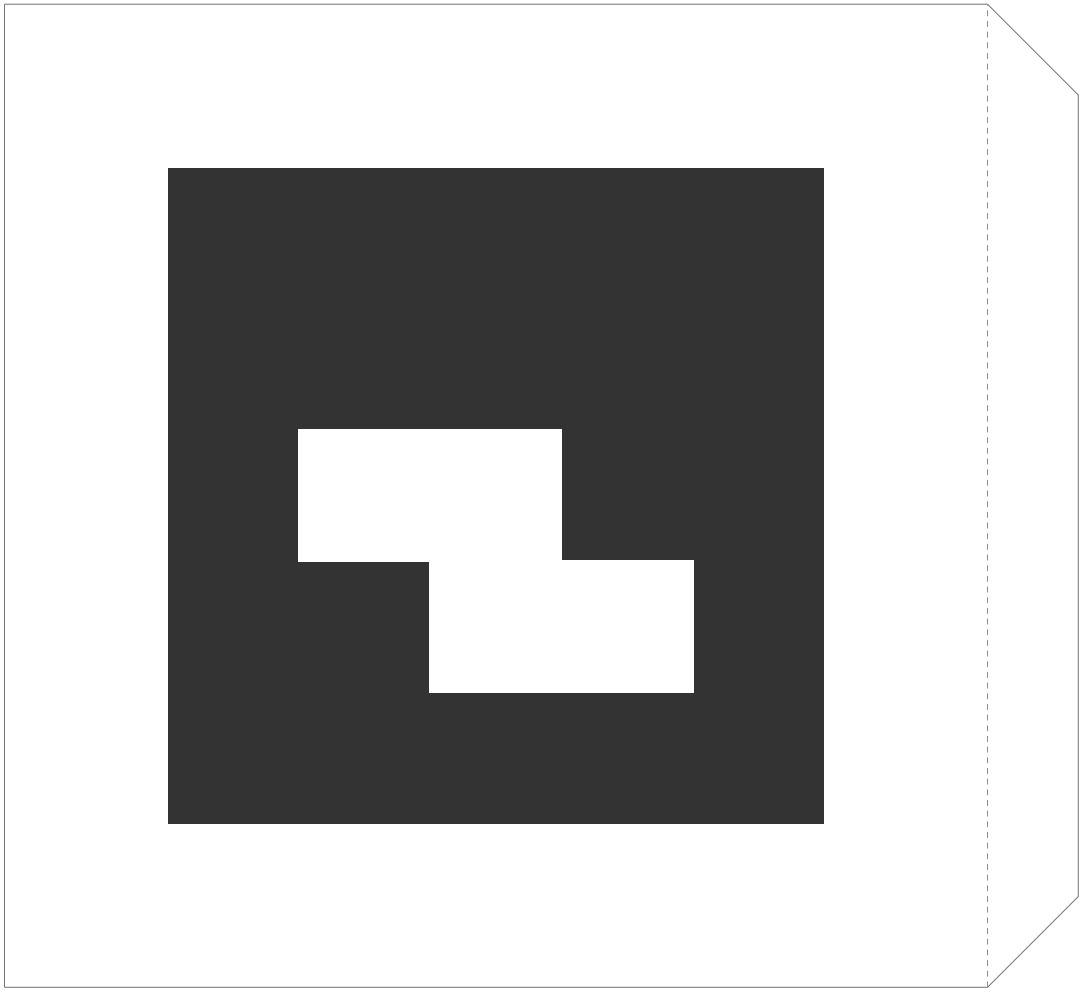
cube edge 130 mm  black square 86.7 mm

this line must measure 100 mm  (print at 100%, no scaling)

cut the solid line, crease the dashed line. 100% scale, no fit to page.

CUBE 1  face -Z  barcode 50

this face must look toward FLOOR marker 44



fold the right tab IN, glue it to face -X

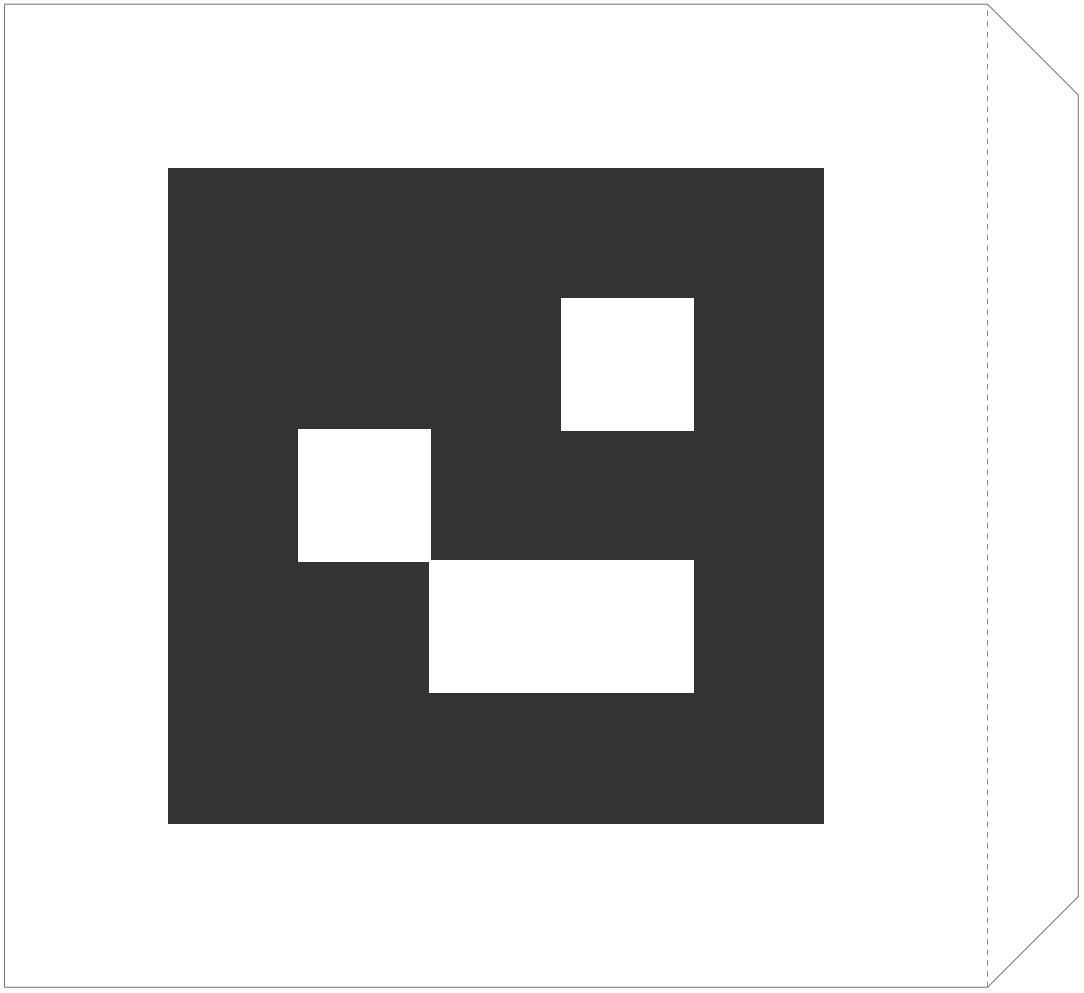
cube edge 130 mm  black square 86.7 mm

this line must measure 100 mm  (print at 100%, no scaling)

cut the solid line, crease the dashed line. 100% scale, no fit to page.

CUBE 1  face -X  barcode 38

this face must look toward FLOOR marker 7



fold the right tab IN, glue it to face +Z

cube edge 130 mm  black square 86.7 mm

this line must measure 100 mm  (print at 100%, no scaling)

cut the solid line, crease the dashed line. 100% scale, no fit to page.

# CUBE 1  face BOTTOM  barcode 11

this face looks straight DOWN (the underside)

fold the 4 tabs UP, the side faces glue over them

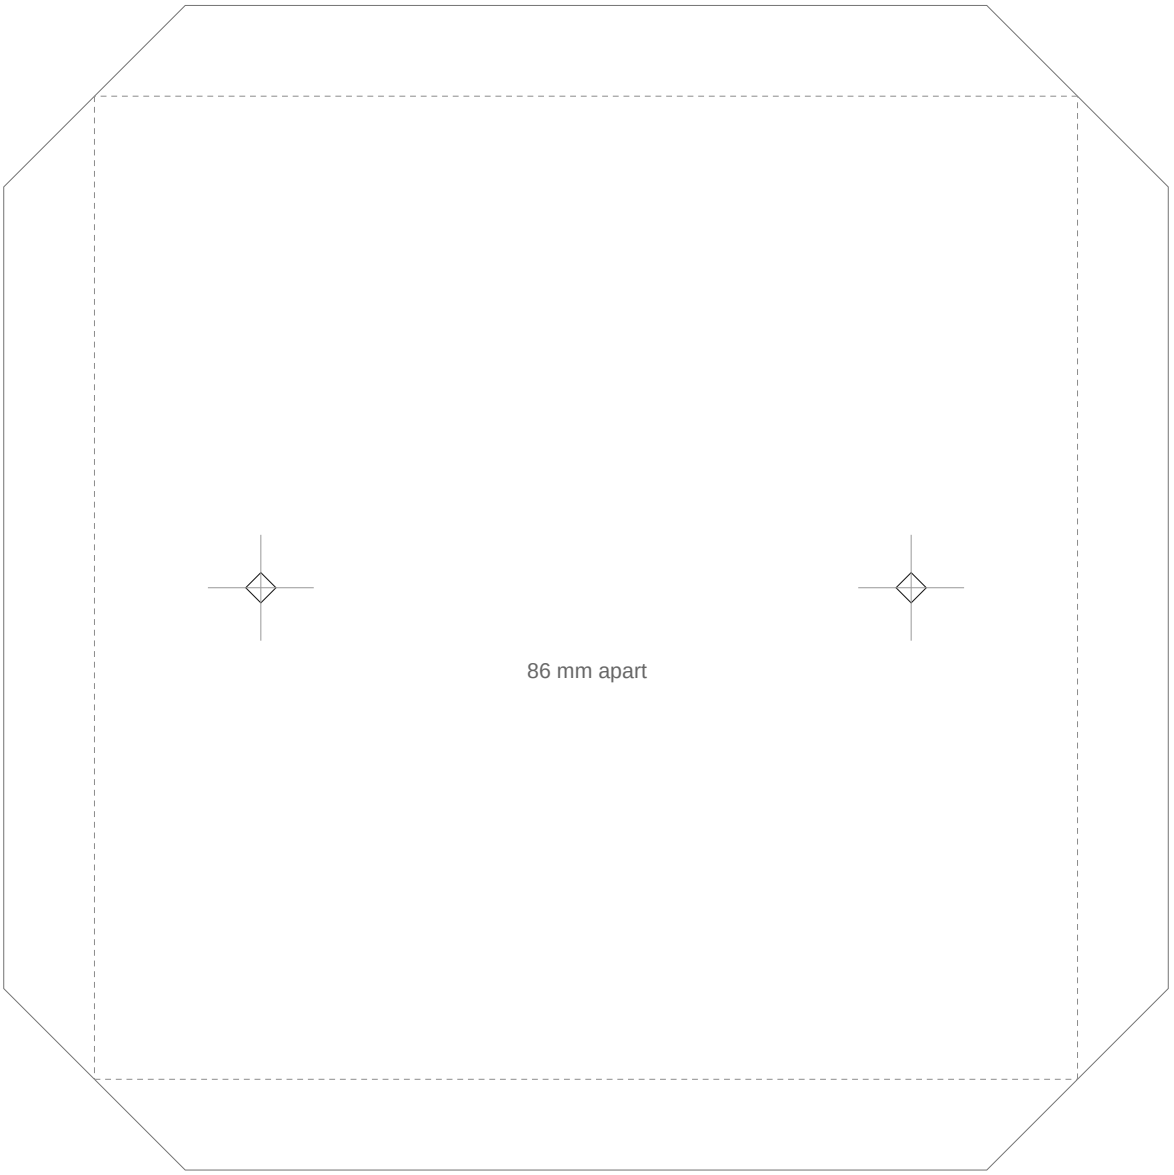
cube edge 130 mm  black square 86.7 mm

this line must measure 100 mm  (print at 100%, no scaling)

cut the solid line, crease the dashed line. 100% scale, no fit to page.

# CUBE 1  TOP  (no marker)

2 holes for the fishing line. reinforce with tape before piercing.



fold the 4 tabs DOWN, tuck inside, glue to the side faces

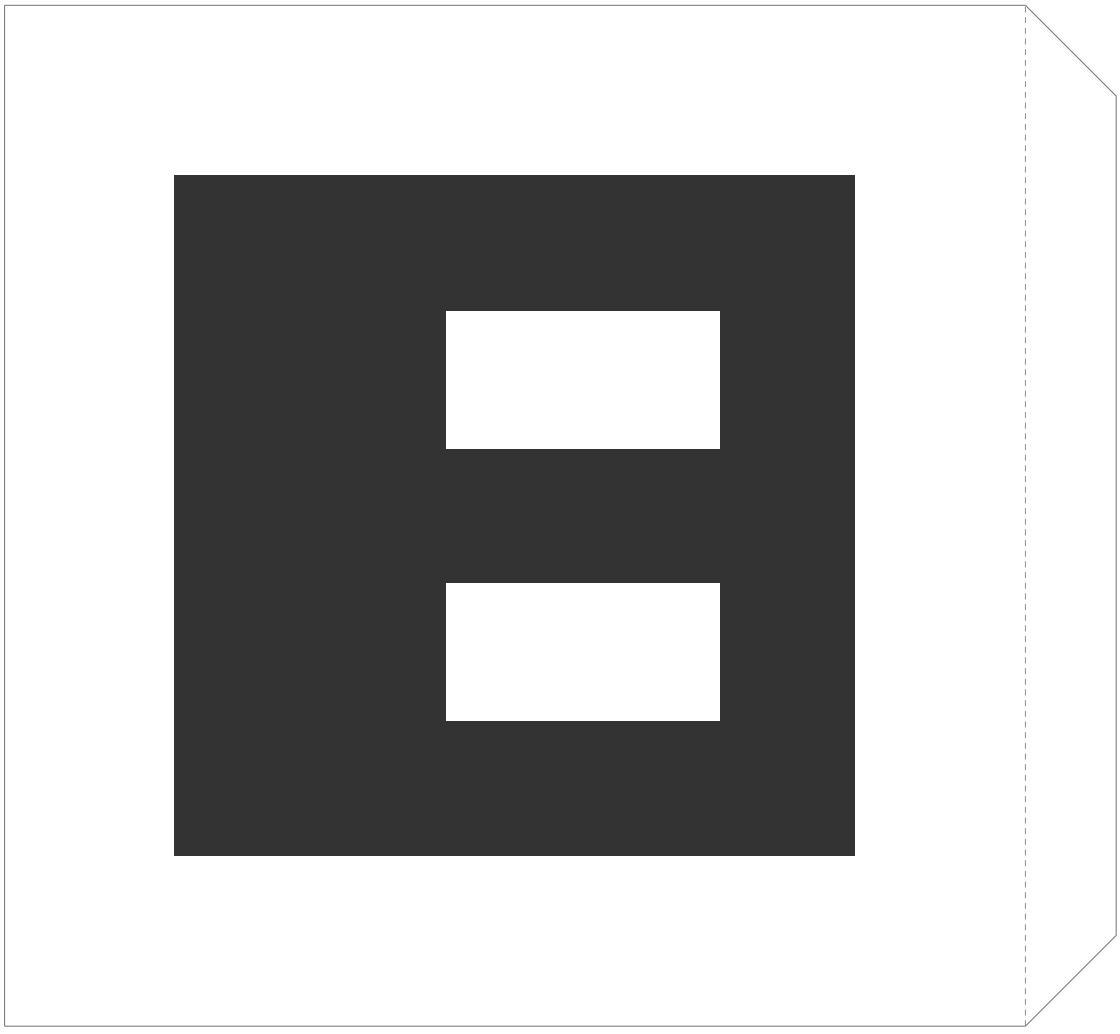
cube edge 130 mm

this line must measure 100 mm  (print at 100%, no scaling)

cut the solid line, crease the dashed line. 100% scale, no fit to page.

CUBE 2  face +Z  barcode 14

this face must look toward FLOOR marker 0



fold the right tab IN, glue it to face +X

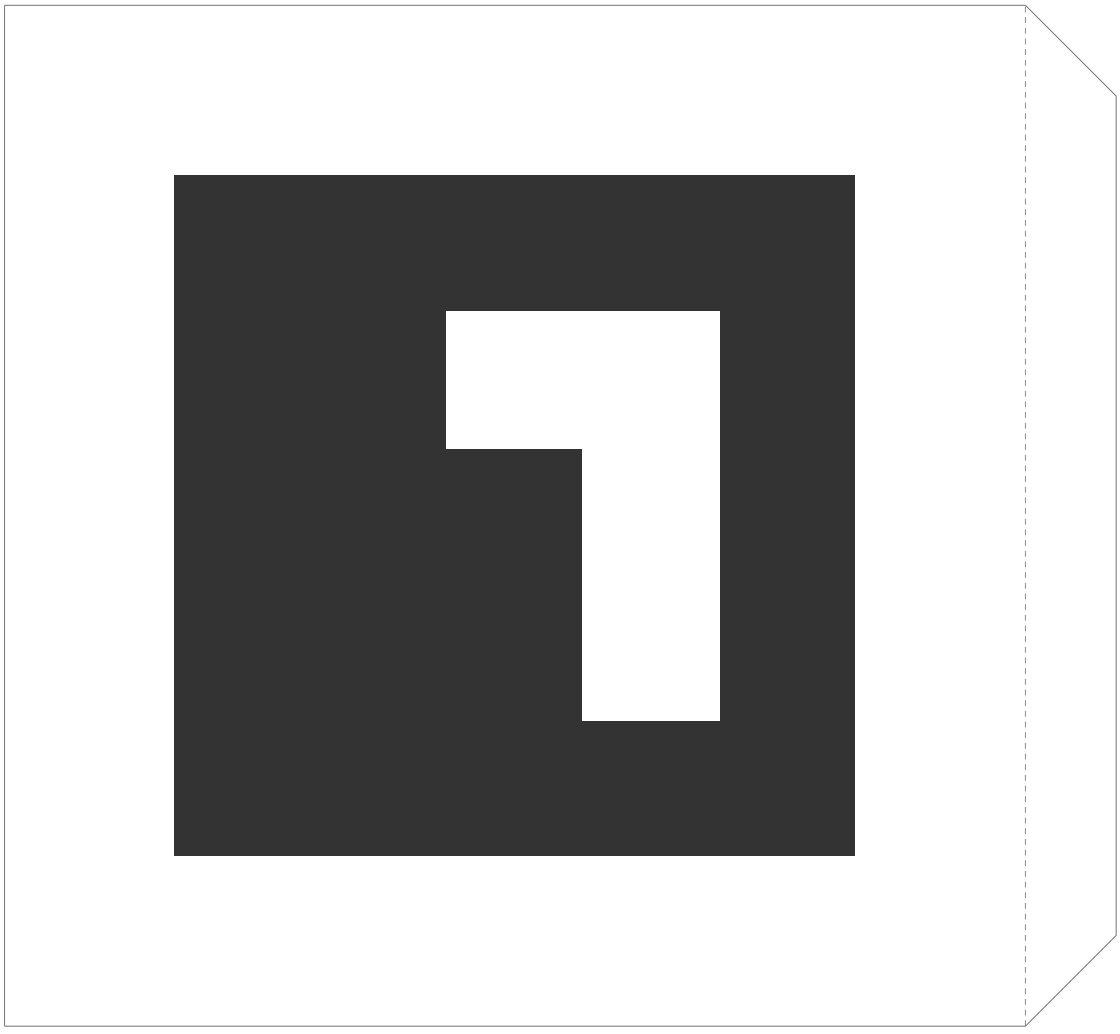
cube edge 135 mm  black square 90.0 mm

this line must measure 100 mm  (print at 100%, no scaling)

cut the solid line, crease the dashed line. 100% scale, no fit to page.

CUBE 2  face +X  barcode 13

this face must look toward FLOOR marker 63



fold the right tab IN, glue it to face -Z

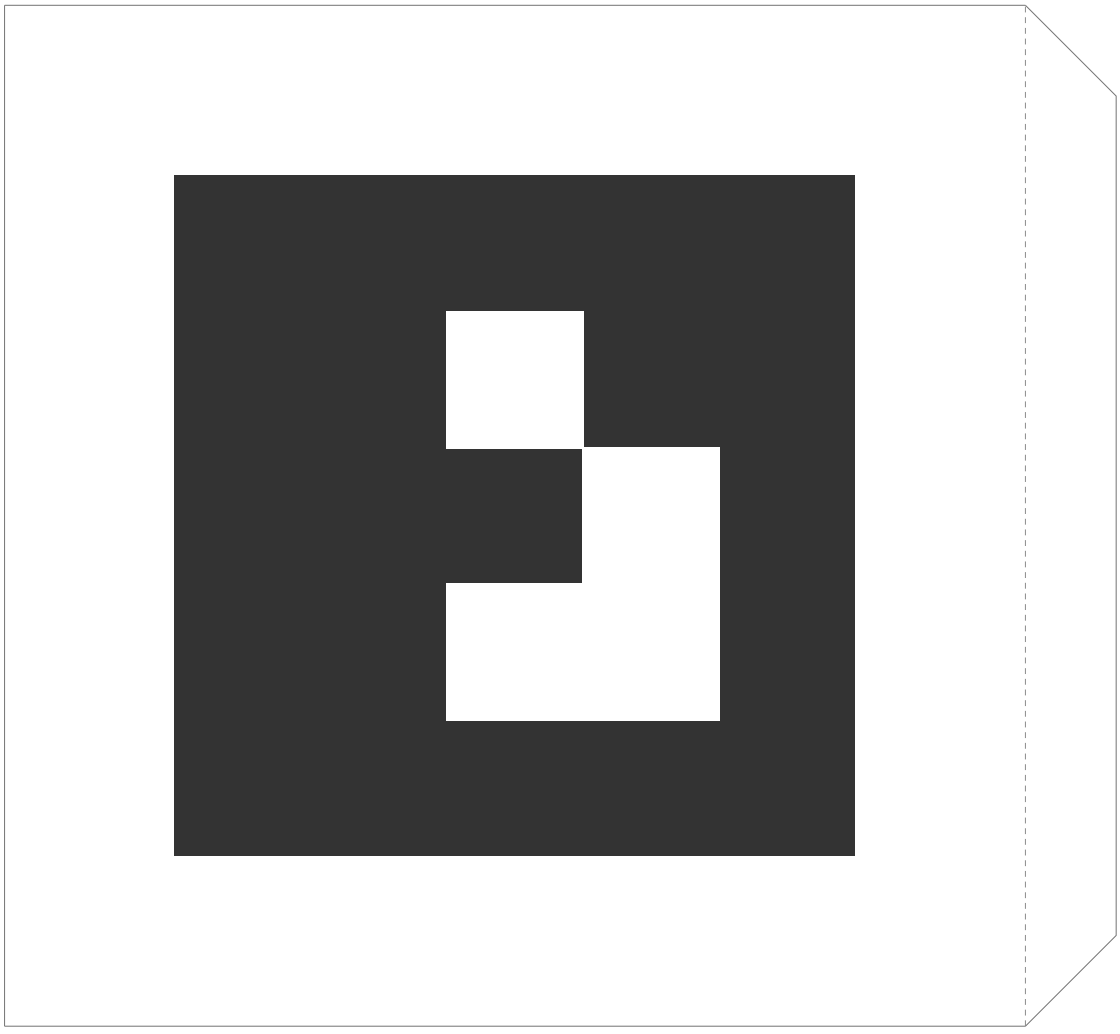
cube edge 135 mm  black square 90.0 mm

this line must measure 100 mm  (print at 100%, no scaling)

cut the solid line, crease the dashed line. 100% scale, no fit to page.

CUBE 2  face -Z  barcode 28

this face must look toward FLOOR marker 44



fold the right tab IN, glue it to face -X

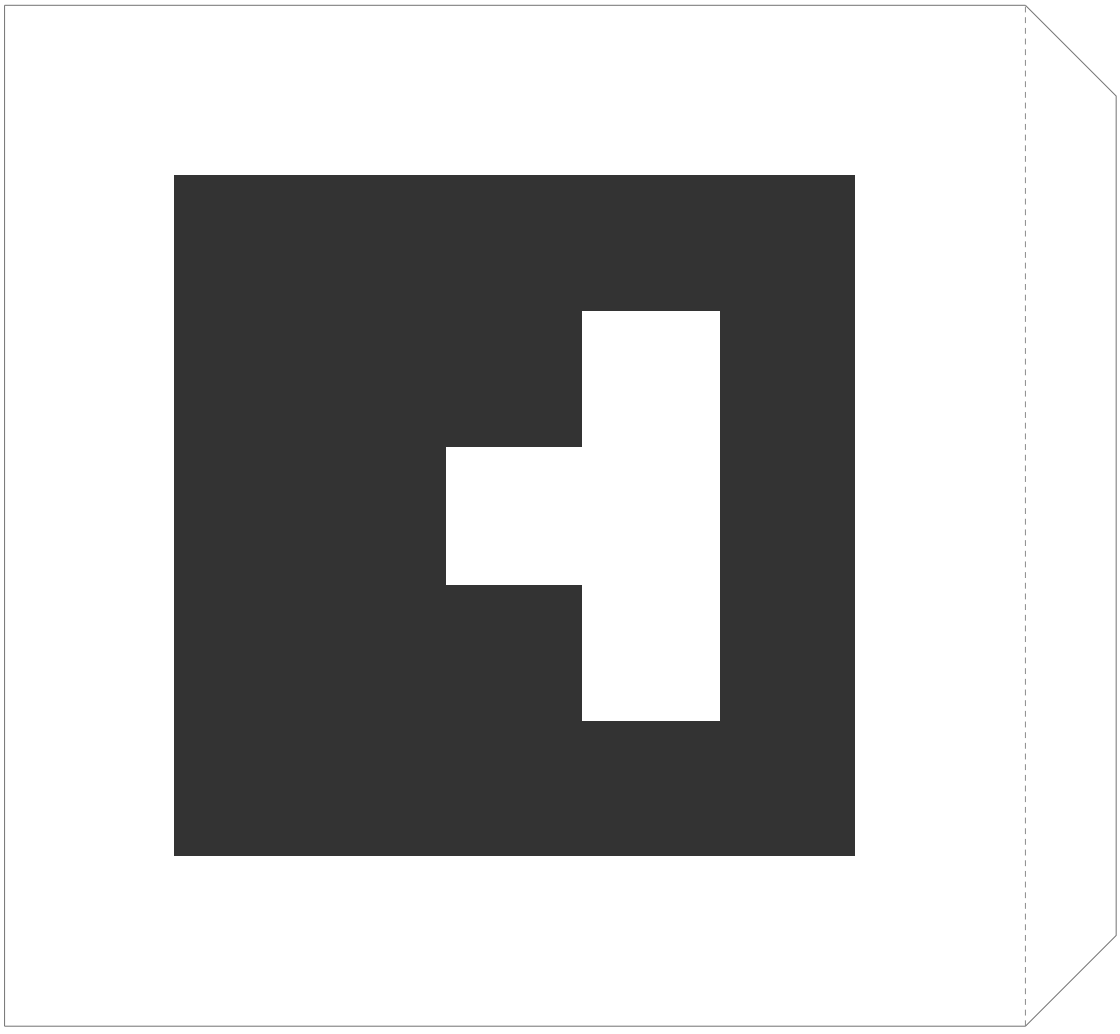
cube edge 135 mm  black square 90.0 mm

this line must measure 100 mm  (print at 100%, no scaling)

cut the solid line, crease the dashed line. 100% scale, no fit to page.

# CUBE 2  face -X  barcode 41

this face must look toward FLOOR marker 7



fold the right tab IN, glue it to face +Z

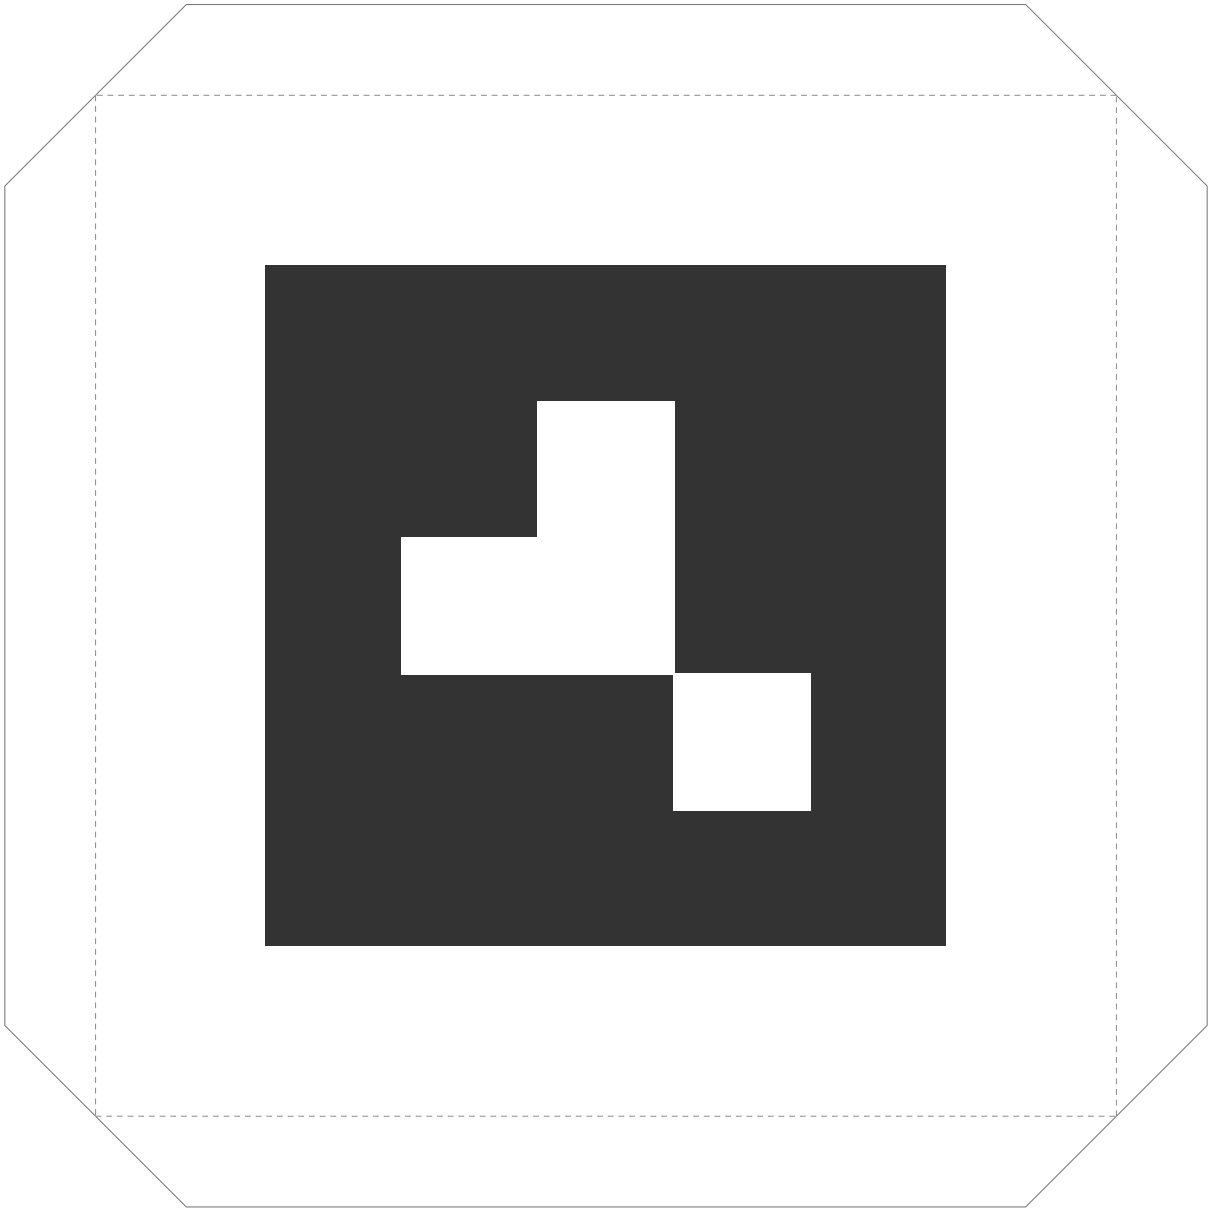
cube edge 135 mm  black square 90.0 mm

this line must measure 100 mm  (print at 100%, no scaling)

cut the solid line, crease the dashed line. 100% scale, no fit to page.

# CUBE 2  face BOTTOM  barcode 19

this face looks straight DOWN (the underside)



fold the 4 tabs UP, the side faces glue over them

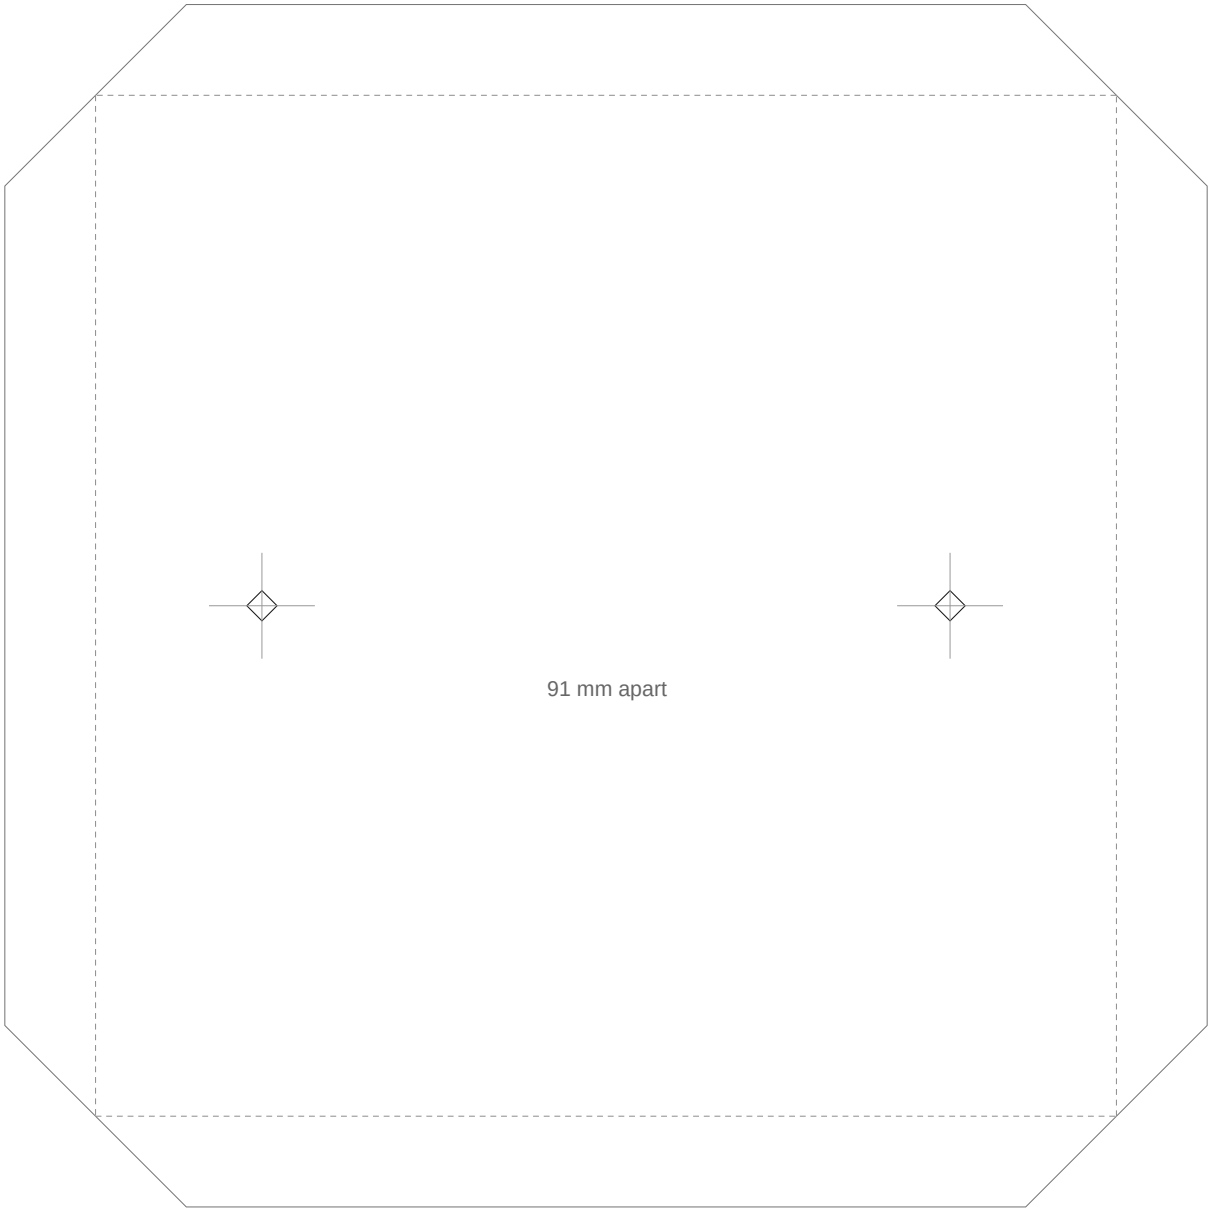
cube edge 135 mm  black square 90.0 mm

this line must measure 100 mm  (print at 100%, no scaling)

cut the solid line, crease the dashed line. 100% scale, no fit to page.

# CUBE 2  TOP  (no marker)

2 holes for the fishing line. reinforce with tape before piercing.



fold the 4 tabs DOWN, tuck inside, glue to the side faces

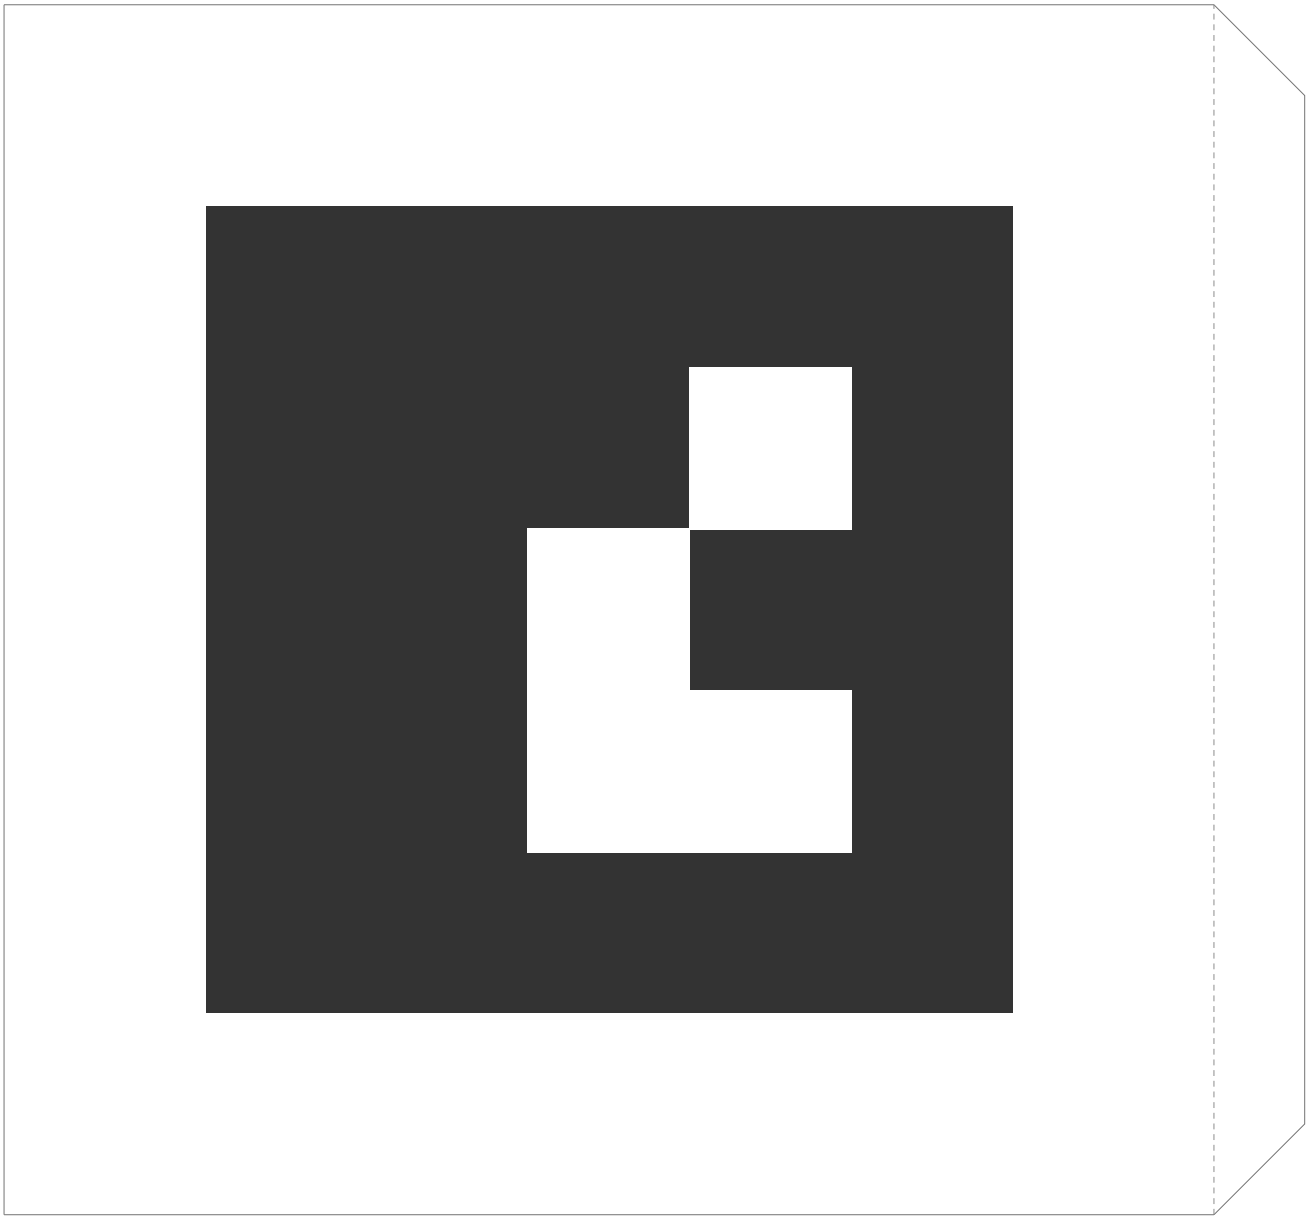
cube edge 135 mm

this line must measure 100 mm  (print at 100%, no scaling)

cut the solid line, crease the dashed line. 100% scale, no fit to page.

CUBE 3  face +Z  barcode 42

this face must look toward FLOOR marker 0



fold the right tab IN, glue it to face +X

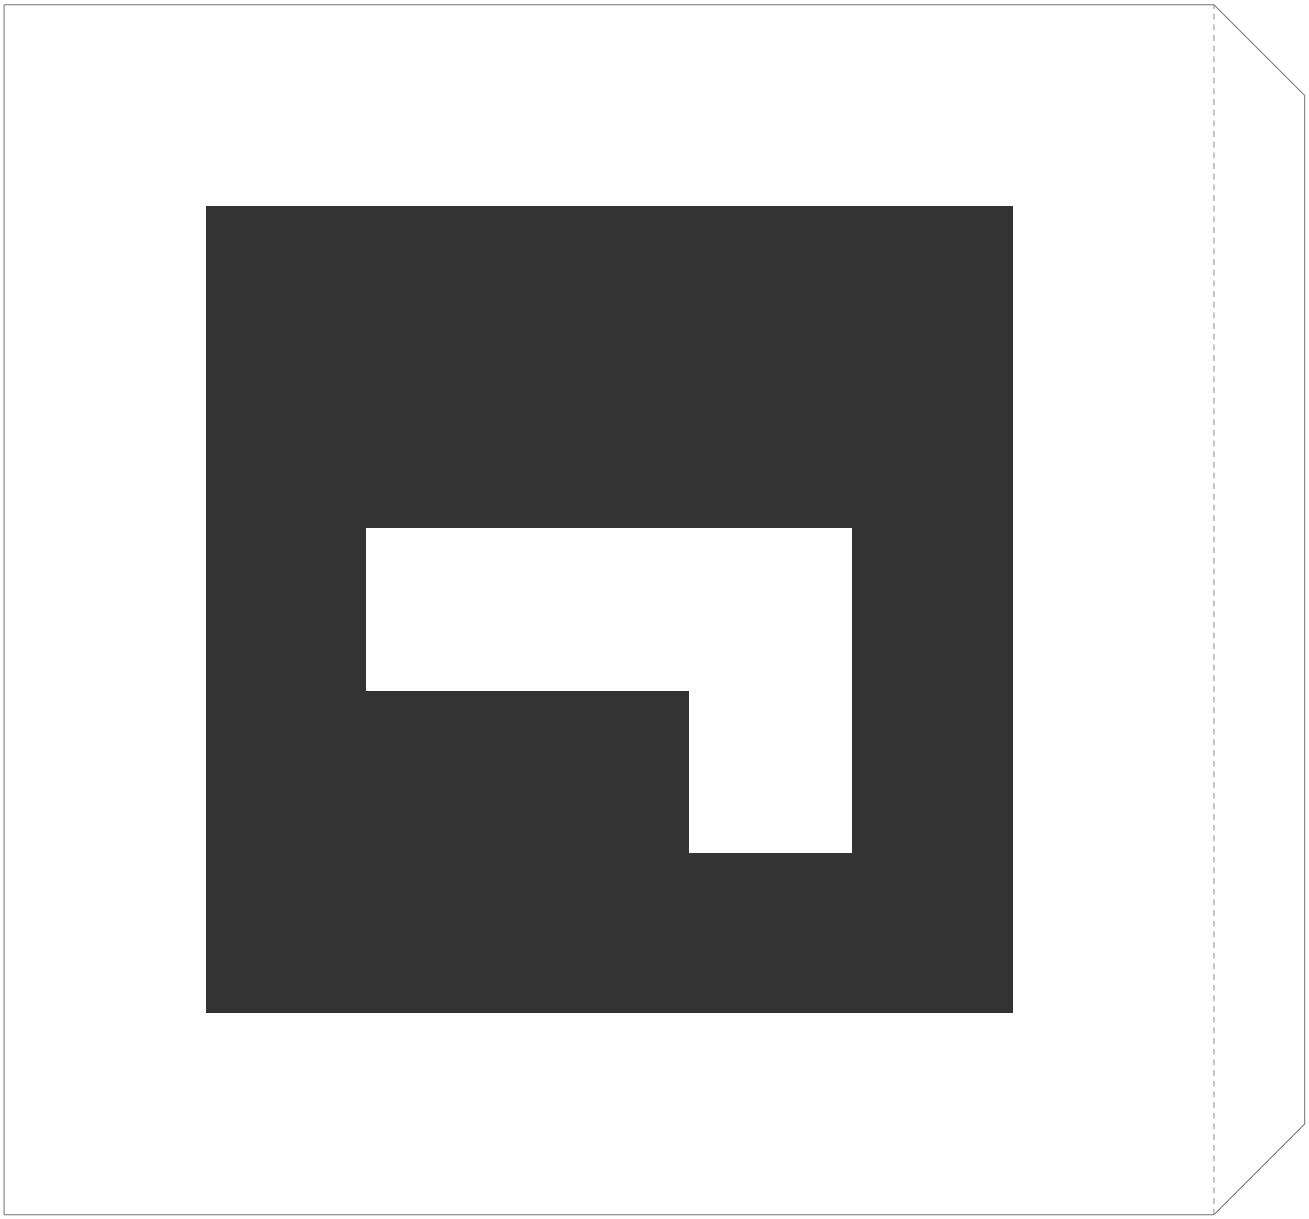
cube edge 160 mm  black square 106.7 mm

this line must measure 100 mm  (print at 100%, no scaling)

cut the solid line, crease the dashed line. 100% scale, no fit to page.

CUBE 3  face +X  barcode 49

this face must look toward FLOOR marker 63



fold the right tab IN, glue it to face -Z

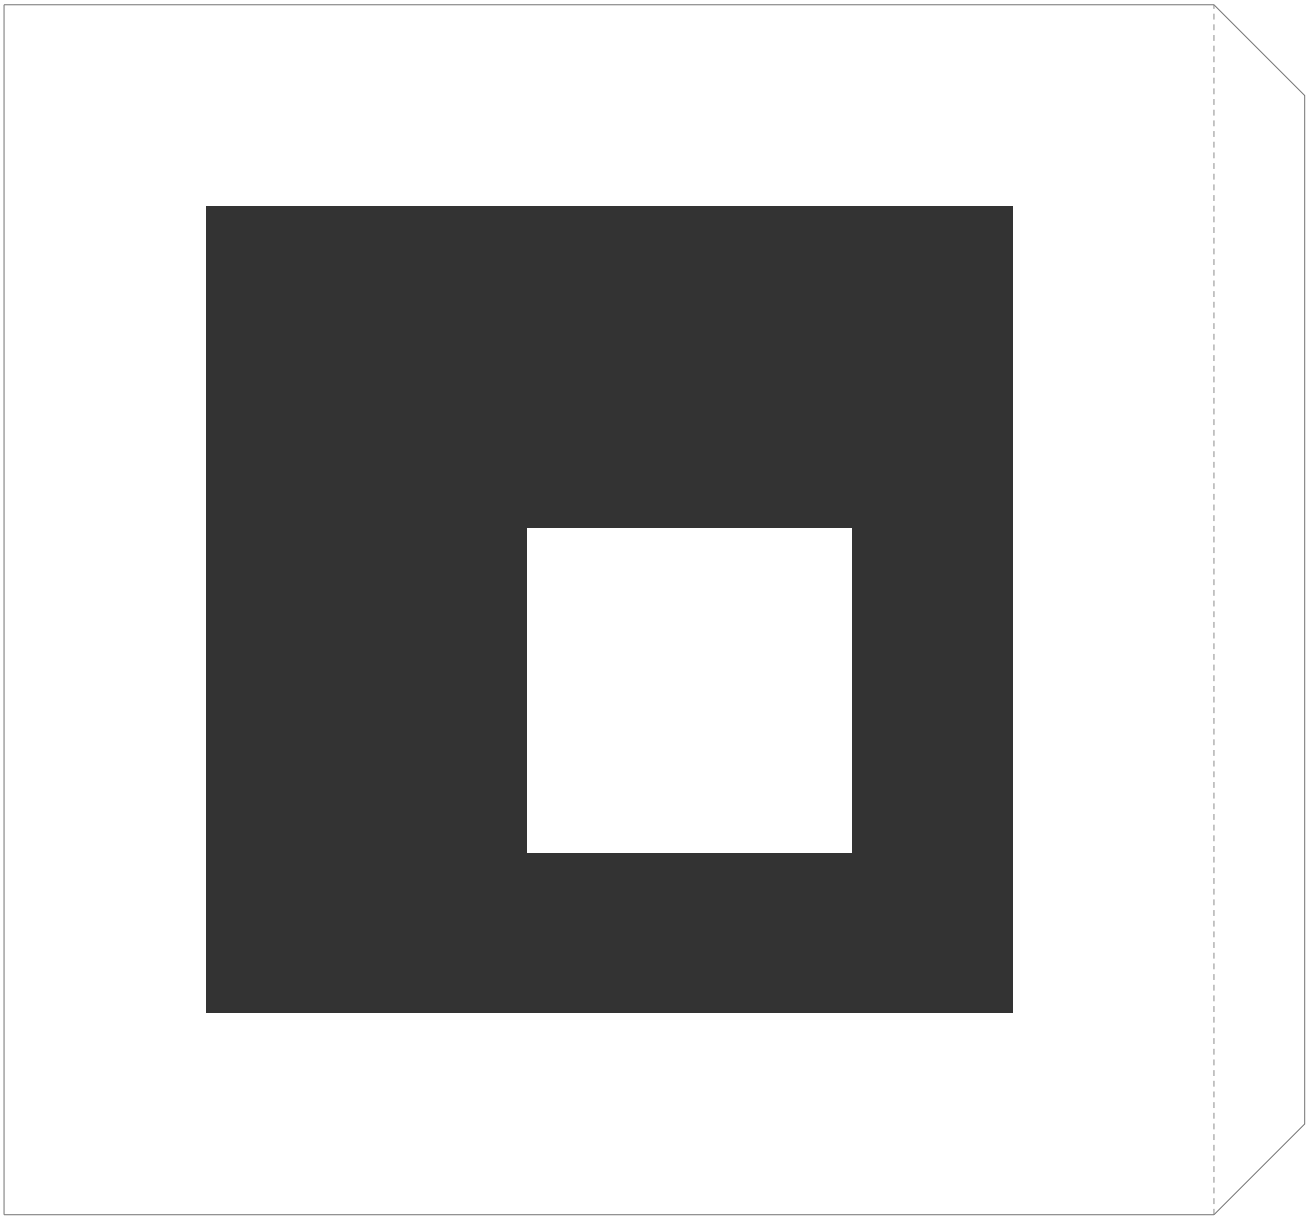
cube edge 160 mm  black square 106.7 mm

this line must measure 100 mm  (print at 100%, no scaling)

cut the solid line, crease the dashed line. 100% scale, no fit to page.

# CUBE 3  face -Z  barcode 56

this face must look toward FLOOR marker 44



fold the right tab IN, glue it to face -X

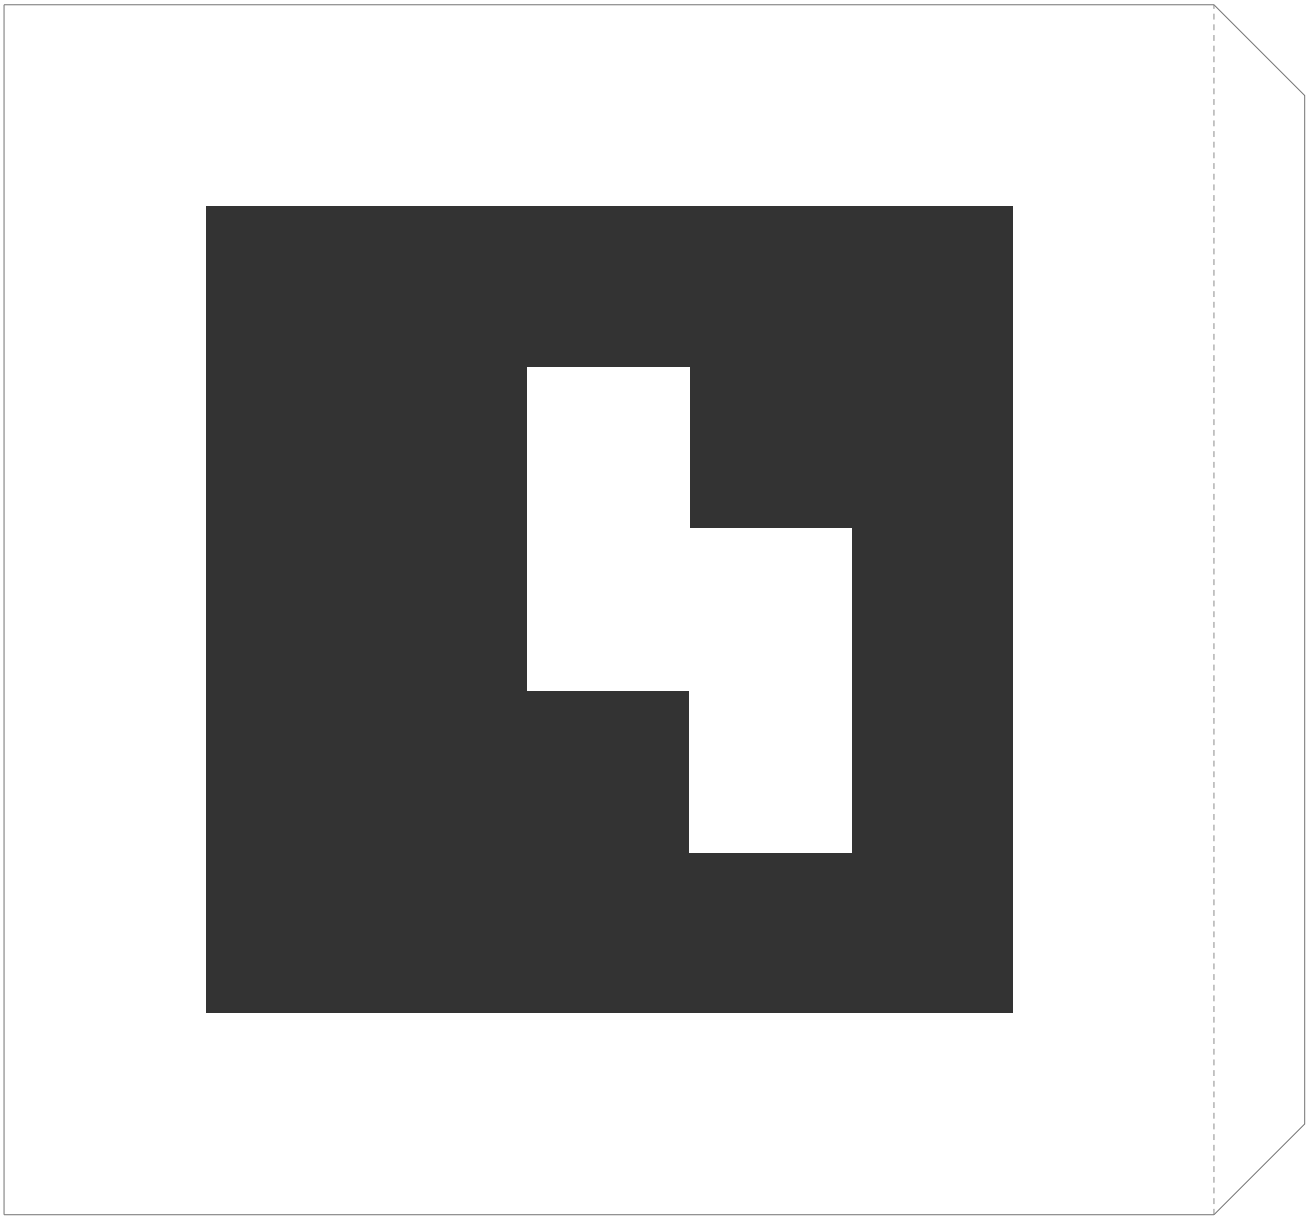
cube edge 160 mm  black square 106.7 mm

this line must measure 100 mm  (print at 100%, no scaling)

cut the solid line, crease the dashed line. 100% scale, no fit to page.

# CUBE 3  face -X  barcode 25

this face must look toward FLOOR marker 7



fold the right tab IN, glue it to face +Z

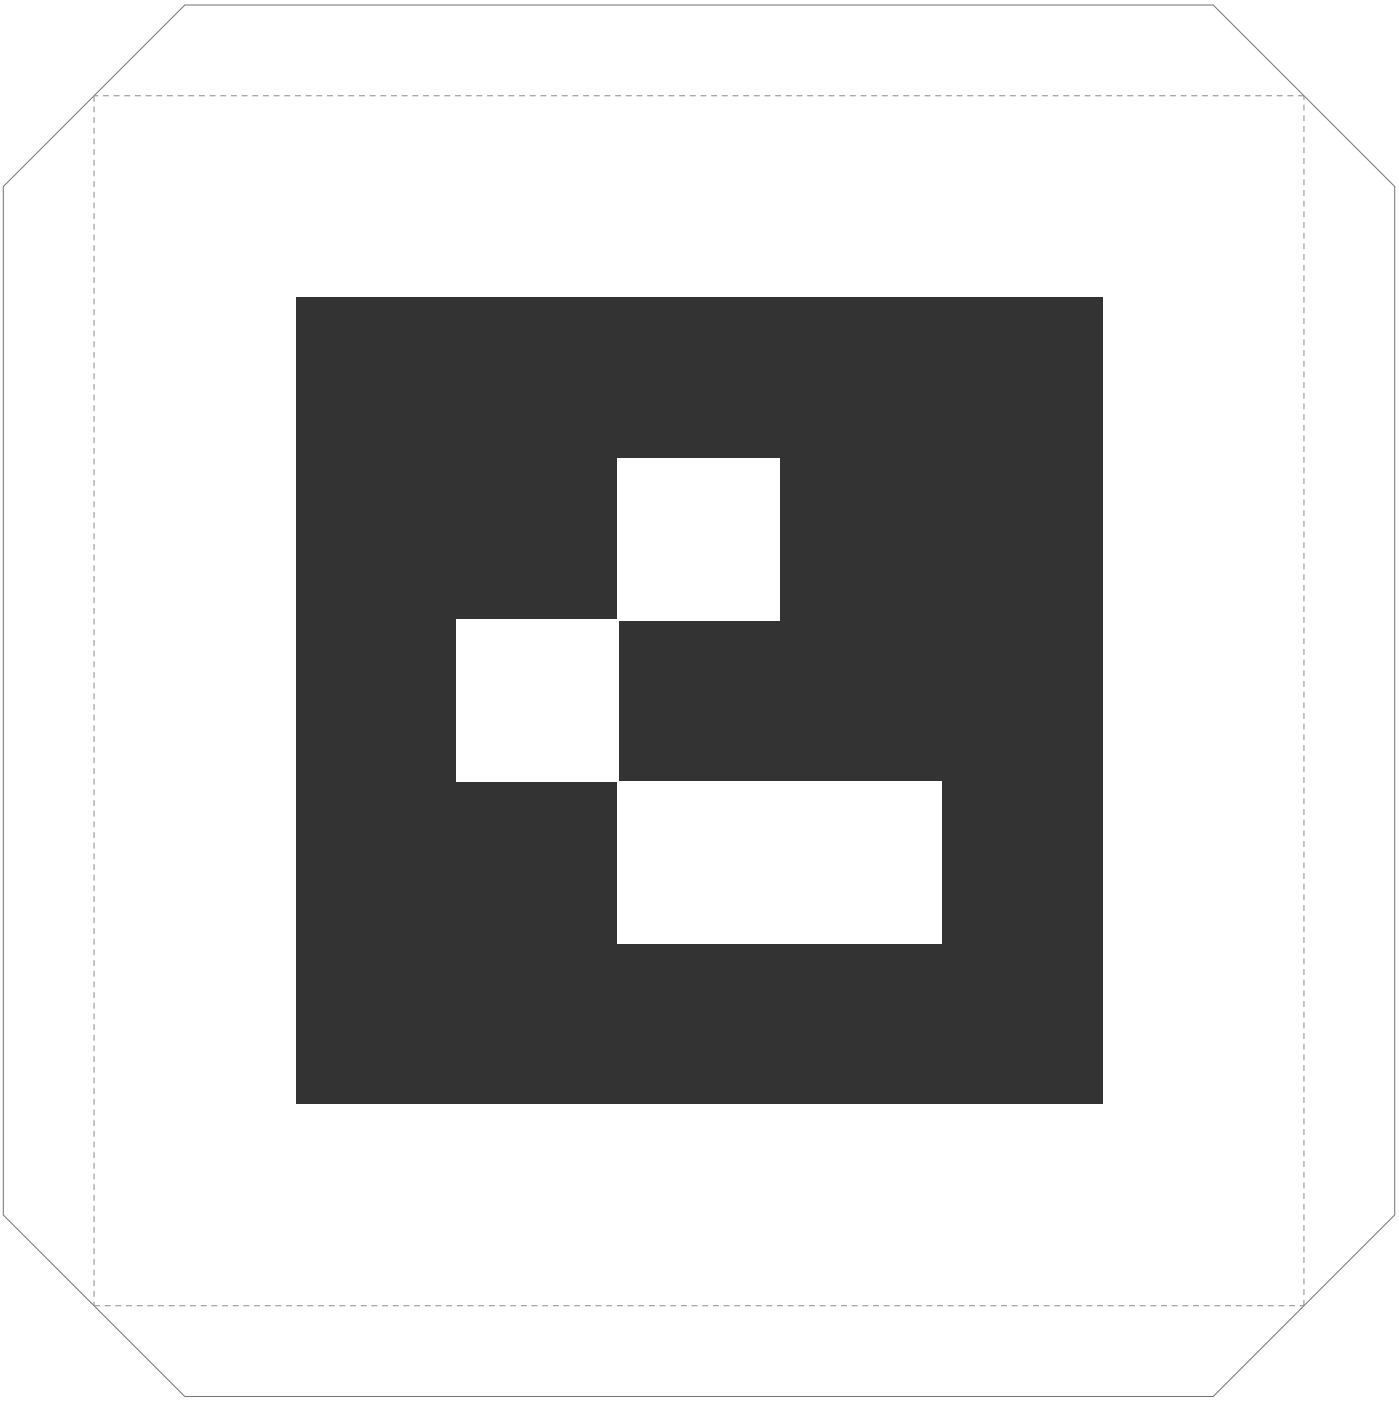
cube edge 160 mm  black square 106.7 mm

this line must measure 100 mm  (print at 100%, no scaling)

cut the solid line, crease the dashed line. 100% scale, no fit to page.

# CUBE 3  face BOTTOM  barcode 22

this face looks straight DOWN (the underside)



fold the 4 tabs UP, the side faces glue over them

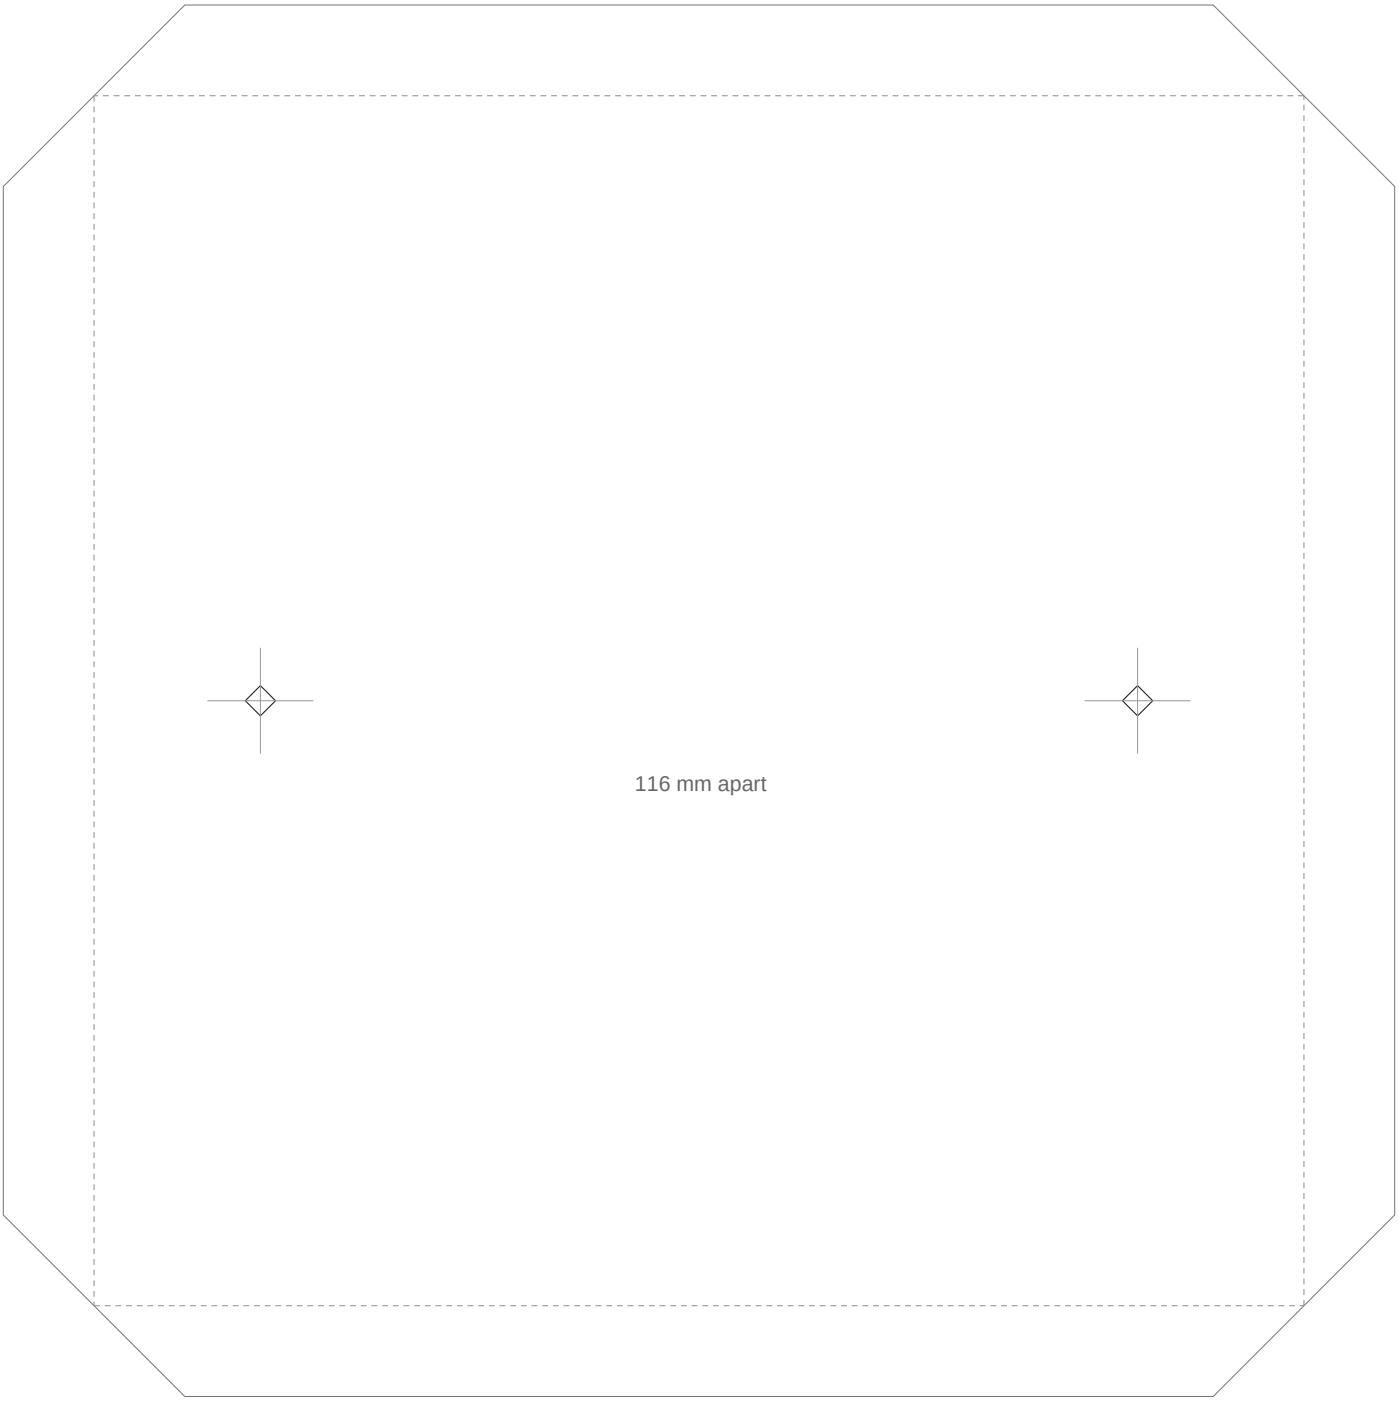
cube edge 160 mm  black square 106.7 mm

this line must measure 100 mm  (print at 100%, no scaling)

cut the solid line, crease the dashed line. 100% scale, no fit to page.

# CUBE 3  TOP  (no marker)

2 holes for the fishing line. reinforce with tape before piercing.



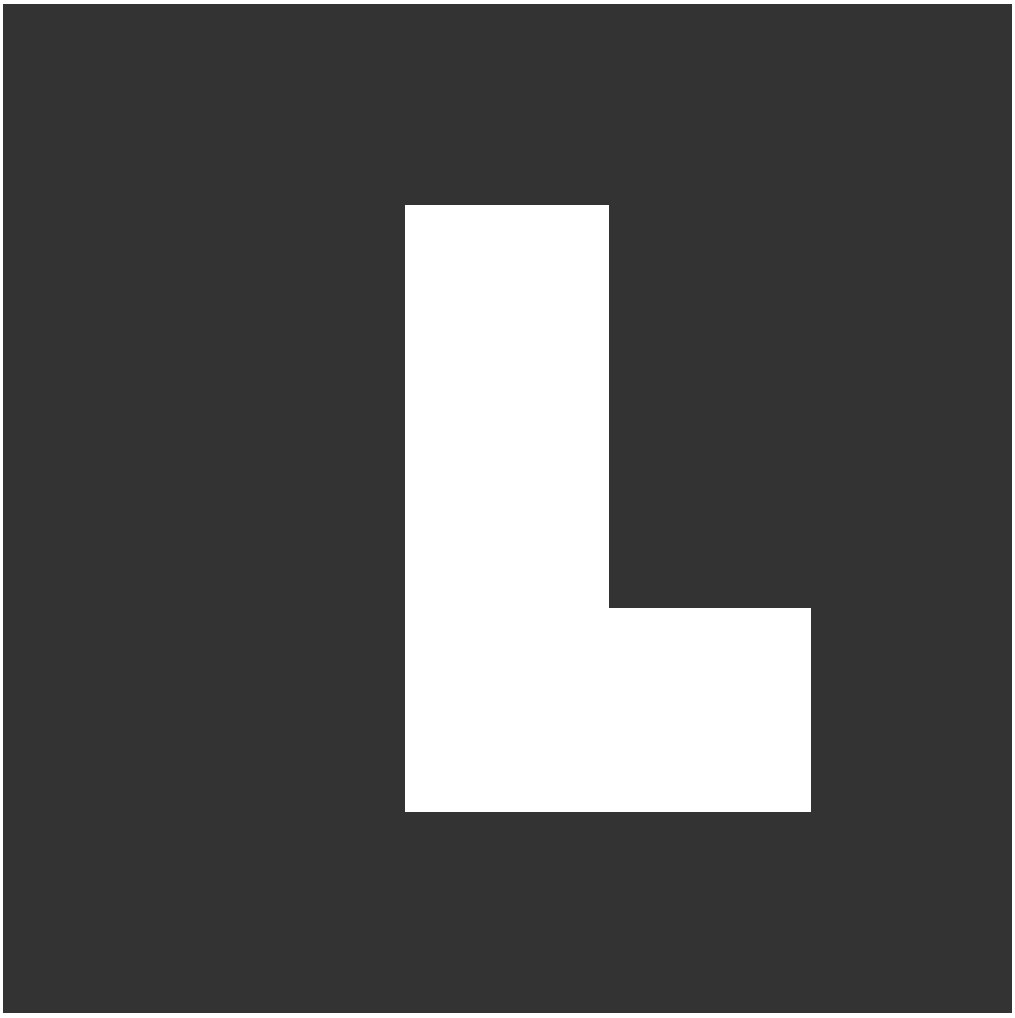
fold the 4 tabs DOWN, tuck inside, glue to the side faces

cube edge 160 mm

this line must measure 100 mm  (print at 100%, no scaling)

cut the solid line, crease the dashed line. 100% scale, no fit to page.

CEILING  barcode 26  black square 133 mm



this line must measure 100 mm  (print at 100%, no scaling)

matte paper, do not cut the white margin
